EDMONTON'S BATTLE for vitamins Saturday at the City Market building had lulled somewhat when the Edmonton Bulletin's staff photographer snapped this picture. The last of a greenhouse-grown supply of lettuce was being grabbed up by a lucky few customers.

## 'SERVE YOURSELF' IS POLICY

# Vitamin-Starved Crowd Storms Lettuce Stalls

There were two big jams in Edmonton Saturday morning. One was an ice jam in the North Saskatchewan river, the other a lettuce jam in the City Market Building.

## Accident Due To High Speed

Excessive speed contributed to the accident which claimed the life of 35-year-old Fred Byrnes in a traffic accident on the Calgary highway last April 18.

This was a rider attached to a verdict brought in by a coroner's jury at the inquest held Friday.

**TERRIFIC RATE**  
Alex McKenzie, 350 100 street, a bicyclist riding with Byrnes, said the same time Enmale was taking a turn at the wheel.

Enmale was travelling at a "terrific rate of speed." Although the speedometer was not working he estimated the speed to be about 70 or 80 miles per hour.

Witnesses testified that the car driven by Byrnes attempted to pass an auto operated by Jack Enmale, Black Diamond.

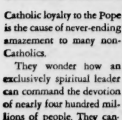

At the same time Enmale was endeavoring to pass a half-ton truck operated by Don Whittier, Leduc.

Byrnes's vehicle went out of control, hit both ditches and turned over about four times. Enmale's car was also thrown into a ditch but no one was injured.

**STILL IN HOSPITAL**  
Byrnes's wife is in the hospital recovering from injuries.

Cause of Byrnes' death given at the inquest was "skull fracture and hemorrhage." Chief Coroner Dr. J. W. Bridge, presided.

## Why Millions Call Him "HOLY FATHER"

Catholic loyalty to the Pope is the cause of never-ending amazement to many non-Catholics.

They wonder how an exclusively spiritual leader can command the devotion of nearly four hundred millions of people. They can't explain why this vast religious family... representing every race, color, language and political belief on the face of the earth... lives and grows through the ages, while man-made empires have their day of glory and then disappear.

What is there about this one man that causes people to speak of him in a hundred tongues as "Holy Father?"

We find the answer, of course, not necessarily in the holiness of the man himself, but in his Christ-given office. The answer is found by tracing the history of the Catholic Church... the history of 262 successive Popes... back through nearly 2,000 years to Christ Himself.

We know as a matter of historical fact that Christ did establish His Church... that He commissioned the Apostle Peter as its first head... that He sent His Apostles forth to teach men to observe all things He had commanded.

We know from the New Testament that the Church was actually

organized... that it was governed by the Apostles under the leadership of Peter... that it was teaching Christ's truth far and wide, long before the last book of the New Testament was written and the books of the Bible were collected into one volume.

Christ's purpose in organizing the Church was to make certain that the good news of Redemption would be preached to all men... even to the end of the world. To accomplish this with faithful men, required that He establish a Church... divinely protected from error in transmitting His teaching through the centuries.

The Catholic Church traces its unbroken history back to the Apostles—back to Christ and to Christ's given office. The answer is found by tracing the history of the Catholic Church... the history of 262 successive Popes... back through nearly 2,000 years to Christ Himself.

Earlier something approaching a blitzkrieg hit the lettuce counters. Ban on imported fresh vegetables from the United States has caused a lettuce famine in Edmonton.

## Province-Wide Queen Contest

Queen of Calgary exhibition and stampede will be chosen in a province-wide contest.

Edmonton's preliminary contest will be held Tuesday in the U.S. Hut at 8:15 p.m.

Girls will be judged on deportment and personality as well as their good looks.

They will wear evening dresses and will be required to speak.

Girls chosen from Edmonton, Calgary, Red Deer, Lethbridge and Medicine Hat will compete in the final elimination in Calgary just before the opening of the stampede.

Only master-craftsmen who have completed four years' training with their corps will be chosen. Selection will be made by area and command camp training officials on a basis of all-round efficiency.

## Army Cadets Will Get Banff Trip

Western Army Command Cadet headquarters today announced that 30 cadets from many parts of Canada will be guests of the Canadian Army for a three-week vacation at Banff, Alta., Aug. 2 to 30.

Only master-craftsmen who have completed four years' training with their corps will be chosen. Selection will be made by area and command camp training officials on a basis of all-round efficiency.

## Community Gets Benefit of Taxes

West Jasper to Have 85 Pct. Spent Within District

West Jasper Place taxpayers have been assured of sympathetic consideration of their petition to have 85 per cent of taxes collected in the division spent within the district.

This was reported at a meeting of the West Jasper Place Taxpayers' Association held Friday night.

Approximately 200 attended. Municipal District of Stony Plain council, which administers affairs of West Jasper Place Division, has informed the association that favorable consideration of the petition regarding spending of tax monies, will likely be given.

West Jasper Place, although on the western outskirts of Edmonton, has a population of 10,000 and would form the fifth largest city in the province if incorporated as a separate city.

**HOPE TO JOIN CITY**  
Residents hope to become part of the City of Edmonton within the next few years.

It was also reported the taxpayers have received sympathetic response from the city on their request for more telephones. There are only 14 telephones for 400 people in the part of the community within the city limits.

Another resident, not identified by police, was held in front of 1072 30 avenue about 9:45 p.m. Thursday.

**HOLD-UP MAN FLEES**  
Mendryk reached for a broom and at the same moment his son came out and shouted the hold-up man fled. He was described as being about 22 years old.

Another resident, not identified by police, was held in front of 1072 30 avenue about 9:45 p.m. Thursday.

## More Blood Donors Sought

Canadian Red Cross has supplied 4731 bottles of blood to 2,853 patients in five Edmonton hospitals in eight months.

The statement was made by Eric Graham, panel organizer and publicity director for the blood transfusion service in Alberta, in conjunction with an appeal for donors.

During the same period 280 patients received 546 transfusions of plasma.

He estimated there are only 3,000 active donors registered in the city, whereas the number of patients is "insufficient, and we often find that it is necessary to call donors again three months after giving a previous donation."

Another 3,000 registrations, he said, would allow them to return to their previous system of calling donors only twice a year.

Present road conditions, he added, are reducing the number of country clinics in operation, placing a larger load on the Edmonton supply.

**Engineer's Dept. Filling Cave-Ins**

Cave-ins in a new sewer and catch-basin construction caused by runoff water were being filled in Friday and Saturday by city engineer's department workers.

Twenty trucks were employed in hauling clods to the cave-ins. It is anticipated that work on this phase of flood damage will be completed today.

Pumping plants are still busy cleaning out basement flooding during run-off period last week. This work will be completed over the week-end.

The recent cold weather, which permitted a slow run-off of water, has removed possibility of further basement flooding.

# U.S. Steel Workers Seek Pay Boosts

## Fight Against Corporations Move to Peg Living Costs

By William G. Smock

PITTSBURGH, April 24. (AP)—The United Steel Workers (CIO) served notice yesterday it will seek pay increases despite United States Steel Corporation's avowed attempt to peg living costs by denying wage increases and setting prices.

The union's potent wage-policy committee adopted a resolution promising a "no strike" promise but calling on about 600 steel producing and fabricating companies to extend deadlines on current wage negotiations.

The corporation, No. 1 steel producer in the United States and employer of 250,000, announced Thursday it had refused to grant the union demand for a "substantial wage increase."

CUTTING PRICES  
Instead, it was cutting prices to the tune of \$23,000,000 a year, in an attempt to promote a trend toward lower living costs. Westinghouse Electric Corporation then announced it was reducing prices approximately \$112,500 a year. General Electric Company previously announced price cuts.

A hint that other steel companies might fall in line behind United States Steel was seen in the reaction to the news. Basic Chairman Ernest T. Weir of National Steel Corporation said he hoped "it was an example which other branches of industry will find it profitable to follow."

The steelworkers now are conducting wage talks on behalf of 600,000 members. Such discussions are permitted during the month of April under the current two-year pact expiring next spring. The pact says that if opening of wage negotiations does not result in satisfactory settlement by April 30, employees pay scales will remain in effect.

## Potato Acreage May Be Doubled

LESTERIDGE, Alta., April 24

—(CP)—J. C. Archibald, of the department of agriculture, said yesterday Southern Alberta this year would double the 1947 potato acreage. Indications are that more than 7,000 acres will be planted.

Mr. Archibald said planting would not become general until May 10.

## Barbara Ann Makes Appeal for Children

MONTREAL, April 24

Barbara Ann Scott yesterday made a radio appeal in support of the Canadian Appeal for Children Fund in aid of European children. She said that her recent trip to Europe showed her that "lucky Canadian children were."

April under the current two-year pact expiring next spring. The pact says that if opening of wage negotiations does not result in satisfactory settlement by April 30, employees pay scales will remain in effect.

## ALARM RINGS, "MAD" FIREMEN RIGHT ON JOB

CARIBOU, Me., April 24. (AP)—When the alarm rang, Caribou's 20 volunteer firemen forgot they were mad at their new chief.

Half the men resigned in a group Tuesday night when Chief John Mitchell announced they were to be drilled, with attendance compulsory.

The other half tendered their resignations Wednesday. Only Mitchell and Driver Arnold Canham were left. They rolled out of the fire house on an alarm from Don Peck's garage yesterday.

Some of them arrived, half the volunteers reported. The other 10 "covered in" at the station.

The Bahamas Islands were formerly called the Lucayas.

## Collective Action Urged by Stassen To Control Reds

AKRON, O., April 24. (AP)—

Harold F. Stassen proposed last night collective action by the United States and other nations acting under the United Nations Charter to stop Communist infiltration in Europe.

The Republican presidential aspirant suggested that a collective group of nations should unite to force the United States and the five nations of the Brussels Pact would agree to furnish military bases or pool their military forces for concerted action.

Stassen said he was not shocked by the move.

In a rare front page review the Evening Standard said the picture was "a disgrace to British films."

It was a vicious display of sadism, a brutality and suggestiveness that the Daily Express termed it "a gross, brutish, a feral fit twisted minds."

The producer, Leigh Cowley, said he was a little perplexed by all the commotion but would make the necessary deletions so the film could be approved.

Critics said they too were shocked by the movie.

## MOVIE TOO COARSE FOR LONDON'S TASTE

LONDON, April 24. (AP)—A British movie about American gangsters and kidnappers will be watered down before showing London audiences. The movie, "No Orchids for Miss Blandish," ran into trouble with the public control committee of the London County Council.

The committee decided the vigorous conversation and violent action went too far. It said the picture contained "instances of a brutal and suggestive nature, a sensual nature and of an amoral kind."

The producer, Leigh Cowley, said he was a little perplexed by all the commotion but would make the necessary deletions so the film could be approved.

Critics said they too were shocked by the movie. In 1949 the population of Denmark was about 1,750,000, and about 20 per cent. lived in the towns. In 1940 the population totalled about 1,344,312 with about 41 per cent. living in towns and cities.

"You say you've been selected as a contestant on a quiz program? In that case we can lend you up to five thousand dollars!"

What Character does your handwriting reveal?

Know the man you married? Know him better than he knows himself.

Let Adrienne, brilliant graphologist, analyze his handwriting and by it reveal to you his very inmost self—his disposition, his weak and strong characteristics, the lifelong bent and bent to his temperament and talents.

All you have to do is send twenty-five cents (in coin) and a Stamped Self-Addressed Envelope together with a sample of his handwriting to Adrienne, care of The Edmonton Bulletin. With one stamped self-addressed envelope, you may send as many samples of handwriting as you wish, but be sure to enclose twenty-five cents for each sample of handwriting.

The handwriting of the Duke of Windsor is the subject of this week's analysis.

Deliver me your truly's signature

Much has been said and written about the Duke of Windsor. It is thus very interesting from a graphological standpoint to analyze his handwriting and see the inner traits of the man who abdicated the greatest throne in Europe.

The popular conception held of him while Prince of Wales was of a gay, charming young man about town, a fashion regulator, fully endowed with all the social graces.

It was only of recent years that we were introduced to a more serious prince. Perhaps that was due to changing social conditions that brought him forward as the champion of the needy and suffering. In analyzing his handwriting, it is not surprising that he took the course he did in the above characteristics.

Even though it meant abdicating the entire British Empire and being an exile, he had the necessary courage to remain true to his convictions.

To the graphologist he presents an entirely different picture than that of a pleasure-seeking individual.

One glance at his script convinces us that here indeed is a personality to be reckoned with, no matter whether he be prince or commoner, he would be outstanding for his strength of character, astute determination, decisiveness and resolution.

You cannot fail to observe his heavy pressure, firm downstrokes, and vertical flourish under his signature. He is a person of strong determined will, definite ideas and distinct likes and dislikes.

There is all the persistence and tenacity essential to accomplish difficult feats even in the face of overwhelming obstacles.

His earnest sincerity for social reform is not affected but is quite genuine, arising from a democratic nature that is kindled with a warm sympathy for mankind.

# Bargain-Counter Draft Plan Is OK'd

## Youths to Be Trained With Draftees in New Program

WASHINGTON, April 24.—(AP)—A bargain-counter preparatory plan under which 18 and 19-year-olds would be trained along with draftees for the time being, instead of in a separate universal military training program, was approved yesterday by Defense Secretary Forrestal.

Under this plan the cost of a separate army unit set up, with its far-flung system of camps and barracks, would be largely avoided for the present. Sponsors said it would be a feasible way of providing the country quickly with trained reserves.

### APPROVED METHODS

The administration had recommended two methods of training the armed forces and reserves. A temporary selective service law. Under this youths 18 through 25 years of age would be inducted for possibly two years service in the armed forces.

A longer-term unit plan under which youths, say 18 and 19 years of age, would be given Universal Military Training in camps or ships. These youths would not be in the armed forces, and would be called to fight except by act of congress.

### DELAID FOR YEAR

Delayed for year, the start of this separate UMT training plan

## CORTEGE STOPS FOR A 'QUICKIE'

LONDON, April 24.—(AP)—William Aspin's funeral procession stopped at a country pub yesterday and the mourners were held for a round of beer.

One of his last wishes was that he should have a final "quickie" on delay.

would be held for at least a year. But the youths would be trained, say for six months, by the regular armed forces. Then they would be released on condition that they join the National Guard.

Forrestal's effort to delay the start of the youths' training was a compromise this week. Congressional demands for a 70-day air force led him on Wednesday to increase his original 50-day estimate to 66.

# Your Radio Review

By Don Flach

On the subject of bouquets, we would like to hand one this week to the Edmonton radio stations for their efforts on behalf of the underprivileged and unfortunate members of our community.

The stations have been generous with their time and facilities for numerous welfare organizations serving in the community.

Strangers far from their isolated homes have often been thankful for the services of radio in sending vital messages back to friends and families.

Perhaps one of the greatest undertakings on behalf of the underprivileged was that launched last fall by CFBN with the co-operation of the Associated Canadian Travelers.

For the benefit of Alberta's crippled children a gang from the radio station and the Travelers Association travelled hundreds of miles every Saturday night to some northern Alberta town where the local talent was given a chance to be heard and a break that might lead them to a place in Canadian radio.

A total of 27 towns have been visited to date, and two more have yet to present their program. Parts of which are aired over CFBN every Saturday night at 8:30.

So far a total of \$14,000 has been put into the "kit" for the crippled children.

The whole campaign is to come to its grand finale on the night of May 8 when the first prize winner from each of the towns visited competes in a master amateur concert in the Edmonton Arena.

The program will be in the capable hands of Frank Hermin, Edmonton entertainer, and members of the station's staff such as Jack Hamilton, Jerry Corbett, and Claude Blackwood will contribute to the continuity of the program.

For a picture of organized mass enthusiasm there is nothing to equal the program department of any Alberta radio station trying to line up its programs with the rest of the country where daylight saving time is being adopted.

The change in fast time is to become effective Sunday, and despite the herculean efforts of the program managers and radio traffic folks, listeners can best count on hearing their favorite programs where they find them.

An albino raccoon, wildlife oddity, captured by Harold MacPhee, of Goddard, Ont., farm implement dealer, is subject of tense discussion between MacPhee and game officials who want the prize for Toronto's Riverdale zoo.

He has checked all the encyclopedias and talked to game authorities and it seems nothing of the kind was ever heard of before.

MacPhee said.

## Taft-Hartley Law Needed in Canada

VANCOUVER, April 24.—(CP)—Brig. William Murphy said yesterday it was "high time we had on the statute books of Canada some kind of the anti-Communist provisions of the Taft-Hartley Law of the United States."

Brig. Murphy, Vancouver barrister who commanded the First Canadian armored division in the Second World War, said in an address to the Canadian Club the Communist party should be outlawed in Canada and Communists banned from unions, the civil service and "every position of trust" in the national economy.

"The time has come to realize that we are once more at war and take steps accordingly," he said.

Brig. Murphy made a similar speech denouncing Communism. It was reported in Ottawa that he had been reprimanded by national defence headquarters for the address. This, however, was denied by defence officials and Brig. Murphy.

## Anglican Bishop Is Consecrated

NELSON, B.C., April 24.—(CP)—Very Rev. Frederick P. Clark, yesterday was consecrated Anglican Bishop of Kootenay in a solemn ceremony at St. Saviour's cathedral here.

## SIR ALEXANDER MACKENZIE "Conqueror of The Rockies"

Sir Alexander Mackenzie, the "Conqueror of the Rockies," is credited with two important achievements in the exploration of Canada. He discovered the great river which bears his name and was the first white man to reach the Pacific by an overland route across the rugged mountain ranges of the West, thus solving the problem which had been the great despair of Cartier, Champlain and La Salle.

Alexander Mackenzie, a Scotman, came to Canada in his youth to become a fur trader. Within a few years he was made a partner in the North-West Company and soon established a trading-post on Lake Athabasca. Then Mackenzie turned his attention to the possibilities of the country to the north. In his relentless quest for "the Western Sea" he traced the great river highway, now the Mackenzie River, to the Arctic.

A great master of men, Mackenzie led his crew in the face of difficulties which have had few parallels in the history of Canada, until he painted his name in large red letters on a rock facing the inlet of the great western ocean, on July 22nd, 1793.

In recognition of his distinguished services in the exploration of Canada Sir Alexander Mackenzie was knighted by the King.

## TODAY'S MESSAGE

## Humility

According to John Chrysostom, 4th century Christian scholar, humility is "the root, mother, nurse, foundation and bond of all virtue." St. Augustine, another great 4th century scholar, asserted that humility is "well nigh the whole substance of the Christian discipline."

The superlative importance of humility is derived from the fact that this virtue is essentially the acceptance of God's will in all things. The humble man relaxes completely in the arms of God. He is affected neither by anxiety nor worry; neither by restlessness nor fear.

Humility exists only where there is faith, hope and charity. The humble are not disturbed by the cruelties inflicted by evil men; faith in God assures them that such manifestations are part of a divine purpose that some day will be made known to them. Hope teaches them to look forward to the day of ultimate joy rather than to rebel against the trials and difficulties of the present. Charity, which is the love of God, teaches the Christ Himself, who walked with the lowly and was content to bear with sinners for their souls' sake.

Tranquillity, patience and forbearance are some of the hallmarks of humility. Another is gratitude. Man seldom escapes sin. He must, therefore, be eternally grateful to God not only for His pardon but for His promise of happiness to all who seek to follow Him. He must gratefully accept every aid and comfort given him in this world.

Before honor is humility, says the Book of Proverbs. The publican striking his breast and not daring to raise his eyes to heaven was greater in God's sight than the Pharisee who saw himself as a model of rectitude but who inwardly was corrupt with pride. Christ, the greatest of men, was also the most humble. If the lives and deeds of the world's truly great be carefully studied, they will reveal that the secret of pre-eminence is not greatness at all, but a deep and abiding humility.

## Lutherans Launch \$4,000,000 Rally

Launching an appeal for \$4,000,000 to be raised during 1948 for world relief and reconstruction, Lutherans of this area will hold a Lutheran World Action rally at Trinity Lutheran Church on Sunday 9th at 7:30 p.m. Dr. T. F. Gullixson, president of the Lutheran Theological Seminary at St. Paul, Minn., will be the speaker.

Sponsored by the National Lutheran Council, agency for eight Lutheran Church bodies in the United States and Canada, Lutheran World Action has designated \$3,500,000 of the 1948 goal for world service. Of this amount, \$3,000,000 will go for spiritual reconstruction and rehabilitation in Europe, including aid to pastors and to church educational and welfare institutions, construction of emergency barracks, and production of religious literature. A total of \$25,000 will be set aside to support "orphans" Lutheran missions in New Guinea, Indonesia, Japan, China, India, Palestine and Africa.

Domestic postwar emergency work, including a special ministry to hospitalized veterans, migrant people, and GI students, and resettlement of immigrant displaced persons, will receive \$175,000. Remainder of the goal, \$300,000, is allocated.

A grand total of \$17,135,356 has been raised for world relief by Lutheran World Action, of which \$10,502,562 was contributed during its 1946-47 drive. In addition, \$424,915 pounds of relief supplies valued at \$350,000 have been shipped abroad by Lutheran World Action. Material aid arm of Lutheran World Action, Lutheran World Relief, is headed by Rev. G. Becker, is chairman of the local rally, which is one of a hundred Lutheran World Action rallies being held throughout the country during February and March.

Churches cooperating in this area rally are those of United Lutheran Church, American Lutheran Church, Evangelical Lutheran Church, United Danish Lutheran Church, Augustana Synod.

## Calgary Divine Guest Speaker

Rev. Dr. F. S. Morley, of Grace Presbyterian Church, Calgary, will be guest speaker at a service of public worship next Monday night, April 26, at 8:00 at First Presbyterian Church. This service is being held in connection with the sixtieth anniversary of the Lord's Day Alliance in Alberta. Rev. J. Mackenzie Miller, minister of First Presbyterian Church, will bring a welcome, and will be assisted by Dr. Morley. A brief historical sketch of the work of the Alliance will be given by Rev. W. S. Rivers, Secretary of the Lord's Day Alliance for Alberta and British Columbia.

Rev. J. H. Geeson, of Holden, president of the Alberta conference of the United Church of Canada, will read the scripture lesson while Dr. W. C. Spaulding, secretary of the Baptist Union of Western Canada, will lead the congregation in prayer followed by a musical selection by the First Presbyterian Church choir.

Greetings of the province and city will be brought by the Hon. J. JACK MacGillivray, Premier, E. C. Manning and Mayor H. D. Ainlay.

## Jean Murdoch Once Again Captures Challenge Cup

REV. GERALD M. WARD

### 'Scona Baptist Has Anniversary

Ward, minister of First Baptist Church, Lethbridge, will conduct special services on Sunday at Strathcona Baptist Church in commemoration of their 32nd anniversary. The morning service will be "The Survival of the Fittest" and in the evening Mr. Ward will speak on "Faith in Long Troubles". A congregational service will follow the evening service.

### Special Services At Tabernacle

Special services are planned at Pentecostal Tabernacle for Wednesday, Thursday and Friday this week. Henry H. Ness, pastor of Holywood Temple and principal speaker at the Pentecostal Seminary, Washington, will be the guest speaker.

Mr. Ness recently returned from an extended tour of Europe where he visited Norway, Sweden, Denmark, Switzerland, Italy, Greece, France, England, Ireland and Iceland. On his trip he represented many church organizations such as the Assembly of God, the National Council of Churches, the World Council of Churches, and the Youth for Christ. Mr. Ness has interviewed with some of the most leading personalities of Europe, members of Parliament, members of royal families and church leaders. In Norway, he interviewed King Haakon VII and the Crown Prince Olaf, and with Prince Bernadotte in Italy. Dr. Ness was granted a thirty-minute private interview with Pope Pius XII. He also met with the Archbishop of the Orthodox Church of Constantinople.

Rev. Ness also consulted with some of the most prominent political leaders of Europe and has returned with a wealth of information as to conditions of the European countries from a political, economic and religious standpoint.

### New Secretary Eminent Fitted

Rev. W. H. Hudspeth, MBE, MA, is well suited to the position of general secretary of the British and Foreign Bible Society in Canada and Newfoundland. His qualifications as a translator, pioneer missionary, linguist together with his ability to handle administrative matters will do much to further the work of the Bible Society. He has an appreciation of the dire need of the war-torn areas which are our first objective. Mr. Hudspeth was available for work in Canada because of the difficulty in reorganizing work in China under present conditions, and the impossibility of obtaining paper and other supplies for the printing of the Scriptures.

Mr. Hudspeth's speaking engagements in Edmonton are arranged as follows:

Sunday, April 25 - 8:30 a.m. - C.F.B. Christian Training Institute, Room 1116 a.m. - First Presbyterian Church, 7:30 p.m. - Central Baptist Church.

Monday, April 26 - Noon - Rotary Club at Camrose; 8:00 p.m. - Public Meeting, Westlake United Church.

Tuesday, April 27 - 1:30 p.m. - Edmonton General Ministerial Association; 8:15 a.m. - Dinner Meeting, Board of Directors, McDougall Church Basement; 8:15 p.m. - Public Meeting, McDougall Church Basement.

Wednesday, April 29 - Noon - Rotary Club, Edmonton.

### Mexico Places Ban On Religious Music

MEXICO CITY, April 24.—Federal school inspectors and teachers have been ordered to eliminate musical works of a religious character from the curricula of all Mexican schools.

CALGARY, April 24.—(CP)—Three agile Edmonton dancers won major awards Friday in the annual Alberta Highland Dancing Association competition.

Final political settlement of the nation, retained her standing as Alberta's leading woman interpreter of the Scottish dance when she retained the association's perpetual challenge cup for open class dancing for the fifth consecutive year. It was the sixth time she had won the title.

Evlyn Nicholson, also of Calgary, was second in the open event and Mary Martin of Red Deer, third.

Vivacious little Patricia McLennan of Edmonton won top honors for dancers under eight years of age. Joan Bryan of Calgary topped the under 10 years class and Georgia Tingler of Edmonton was first for dancers under 14 years.

Medals awarded: Gold medals and bronze medals were awarded to first, second and third place winners respectively in the various classes. Medals were:

Sword Dance, under 16-1, Donna Smith, Calgary; 2, Maureen Mitchell, Red Deer; 3, Dorcas Metcalfe, Red Deer.

Highland Fling, under 10-1, Marion Clay, Red Deer; 2, Marilyn Smith, Calgary; 3, Myra Leck, Calgary.

Highland Fling, under 12-1, Sandra Perkins, Ponoka; 2, Helen Smith, Edmonton; 3, Barbara Perry, Red Deer.

Sword Dance, under eight-1, Patricia McLennan, Edmonton; 2, Valerie Ann Macdonald, Calgary; 3, Maureen Mitchell, Calgary.

Sword Dance, under 10-1, Joan Bryan, Calgary; 2, Maureen Mitchell, Red Deer; 3, Carol Ann Just, Edmonton.

Sword Dance, under 12-1, Anna Mount, Calgary; 2, Patricia Cantelmo, Calgary; 3, Margaret French, Calgary.

Sword Dance, under 14-1, Jean Murdoch, Calgary; 2, Mary Martin, Red Deer; 3, Georgia Tingler, Edmonton; 4, Jeanne May Brown, Edmonton.

Highland Fling, under 16-1, Jean Murdoch, Calgary; 2, Margaret French, Calgary; 3, Freddie Nicholson, Calgary; 4, Freddie Nicholson, Calgary.

Highland Fling, under 18-1, Jean Murdoch, Calgary; 2, Jeanne May Brown, Edmonton; 3, Jeanne May Brown, Edmonton; 4, Jeanne May Brown, Edmonton.

Highland Fling, under 20-1, Jean Murdoch, Calgary; 2, Jeanne May Brown, Edmonton; 3, Jeanne May Brown, Edmonton; 4, Jeanne May Brown, Edmonton.

Highland Fling, under 22-1, Jean Murdoch, Calgary; 2, Jeanne May Brown, Edmonton; 3, Jeanne May Brown, Edmonton; 4, Jeanne May Brown, Edmonton.

Highland Fling, under 24-1, Jean Murdoch, Calgary; 2, Jeanne May Brown, Edmonton; 3, Jeanne May Brown, Edmonton; 4, Jeanne May Brown, Edmonton.

Highland Fling, under 26-1, Jean Murdoch, Calgary; 2, Jeanne May Brown, Edmonton; 3, Jeanne May Brown, Edmonton; 4, Jeanne May Brown, Edmonton.

Highland Fling, under 28-1, Jean Murdoch, Calgary; 2, Jeanne May Brown, Edmonton; 3, Jeanne May Brown, Edmonton; 4, Jeanne May Brown, Edmonton.

Highland Fling, under 30-1, Jean Murdoch, Calgary; 2, Jeanne May Brown, Edmonton; 3, Jeanne May Brown, Edmonton; 4, Jeanne May Brown, Edmonton.

Highland Fling, under 32-1, Jean Murdoch, Calgary; 2, Jeanne May Brown, Edmonton; 3, Jeanne May Brown, Edmonton; 4, Jeanne May Brown, Edmonton.

Highland Fling, under 34-1, Jean Murdoch, Calgary; 2, Jeanne May Brown, Edmonton; 3, Jeanne May Brown, Edmonton; 4, Jeanne May Brown, Edmonton.

MAILED BY CRITICS AND FANS as "the finest ice show ever seen in western Canada", "Ice Cycles of 1948", will perform before another capacity audience at the Arena tonight. There are scores of breath-taking thrills including, "A Pageant of Medieval Days", pictured above, that will captivate the entire family. Performances will also be given Monday and Tuesday of next week.

### Britain-Canada Want Open Warfare Stopped

By Norman Altstetter  
LAKE SUCCESS, N.Y., April 24.—(CP)—Britain and Canada yesterday urged the United Nations to postpone the consideration of the Palestine Problem and take emergency action to prevent open warfare.

Gen. A. G. L. McNaughton, Canada's chief delegate, called on the 36-member UN political committee to consider the United States proposal for a temporary trusteeship over Palestine before looking into the implementation of a plan to divide the Holy Land into Jewish and Arab states.

The intervention in the debate by Arthur Creech Jones, Britain's colonial secretary, reversed the previous British hand-off policy in discussions of Palestine.

He pledged Britain's co-operation in seeking a solution to the problem, but reiterated his government's decision to lay down, by its mandate May 15 and to withdraw all British troops from Palestine by Aug. 1.

The pleas by Canada and Britain apparently were backed up when the security council last night set up a British-French-American commission in Palestine to supervise the unheeded cease-fire order voted last Saturday by the council.

CONCILIATION SOUGHT  
Also speaking in the fourth day of committee debate was further consideration of the future government of Palestine, Dr. Charles Malik of Lebanon proposed consultation between Arabs and Jews. He accepted the trusteeship proposal on the condition it led to a unitary state in Palestine.

India and Siam also expressed willingness to discuss the American proposal.

NEITHER UN nor Canada made commitments regarding the trusteeship suggestion put forward at this second special general assembly session on Palestine. The United States proposal would put Palestine under UN control for at least five years.

McNaughton said the trusteeship plan should be considered by the assembly as a measure related to the true desire designed to "meet the emergency."

Canada, a supporter of the assembly's partition decision last Nov. 29, would abstain if the Australian immediate partition plan were put to a vote before the trusteeship was considered.

groups to pick plays with good lines in preference to those which depended on slick acting to get them across.

Robert Speaight, the British actor and writer who will judge their performances, began his stage career in a similar way.

All my training was as an amateur. I was the dark, easy-spoken, non-producers, who has played Hamlet in London's Old Vic, and produced plays across Europe.

Speaking at a press conference shortly after his arrival from London, Mr. Speaight produced great things for the Canadian Little Theatre movement.

In his opinion it was a natural outlet for the works of Canadian playwrights.

"I should like to think there is some good native drama in Canada," Mr. Speaight advised amateur playwrights.

Stoner J. B. Smith, international secretary for the Americas, and Lt. Col. Edward Griest, secretary of the international youth department. The group will visit several cities in the U.S. and Canada during a seven-week stay.

MAILED BY CRITICS AND FANS as "the finest ice show ever seen in western Canada", "Ice Cycles of 1948", will perform before another capacity audience at the Arena tonight. There are scores of breath-taking thrills including, "A Pageant of Medieval Days", pictured above, that will captivate the entire family. Performances will also be given Monday and Tuesday of next week.

### Packer President Defends Company

OTTAWA, April 24.—(CP)—President J. S. McLean of Canada Packers yesterday defended the record of his company since its inception and attributed its financial growth to small profits on a very large volume of business.

He was replying to Ross Thatcher (CCF—Moose Jaw) who had questioned him about the growth of the company. He told Mr. Thatcher that when Canada Packers was formed it acquired the assets of four other companies, worth about \$25,000,000 for a total of \$75,000,000. The CCF member then pointed out that the company had since made \$400,000, distributed in the retirement of bonds, payment of dividends, growth of working capital and assets.

Robinson is eastern vice-president of the International Union of Mine, Mill and Smelter Workers (IUMS).

Robinson still may launch habeas corpus proceedings appealing the minister's decision.

The deportation was ordered by an immigration board in Toronto after Robinson's arrest early this month. He had been conducting a full-scale organization drive in the northern part of the province.

After the board's ruling, Robinson made a personal appeal to Mr. Macdonald in his capacity as acting immigration minister. He told his story during a one-hour private talk at the minister's office here last Monday.

The charge against Robinson was the first major development after the government announced a crackdown on alien Communists active in labor circles.

### Better Roads Deserve Better Drivers

The hazards of speed are not for unskilled and reckless drivers. But we cannot halt progress on roads because of some careless driving any more than we can outlaw the airplane because accidents have been caused by unskilled and reckless pilots. We need good roads AND we need more careful and courteous driving. It is worth remembering that COURTESY ON THE ROAD PAYS DIVIDENDS IN SAFETY.

### The A.M.A. Speaks For Motorists

A.M.A. membership carries a host of valuable benefits that make motoring safer and more pleasant. In addition the A.M.A. presses for improvement in roads, for more well-considered legislation, and for better motoring conditions generally. A.M.A. membership is worthwhile, and it costs only \$18 for 12 months. Full information on request at your nearest A.M.A. branch office.

It Pays To Belong to the A.M.A.

**NINETY PER CENT SUCCESSFUL**

**New Treatment In Type Of Heart Failure Cases**

by RENNIE TAYLOR

SAN FRANCISCO, April 24.—(AP)—A treatment declared to be successful in 90 per cent of congestive heart failure cases was reported to the American College of Physicians yesterday by Dr. Harry Gold, New York City heart specialist.

Congestive failure is serious and often fatal but is not so much a sudden killer as some other kinds of heart disease. Its symptoms are an excessive accumulation of blood in the veins, swollen legs and enlarged liver. It is commonly attributed to the inability of the heart to pump out the veins fast enough.

There are more than 1,000,000 people in Canada and the United States subject to these attacks. Dr. Gold said. Smoker survive repeated attacks.

In conventional methods of treatment the death rate is 24 per cent.

The treatment consists of bed rest and a rigid routine of food, water and medicine. The only food is a quart of milk a day. The patient gets a glass of water every three hours, digitalis pills to regulate the heartbeat, and medicine to help the body eliminate liquids and a chart of daily body weight.

Dr. Gold said. Under his procedure the death rate was 10 per cent.

## Clover Leafs Whip Regina Cagers 103-65

REGINA, April 24.—(CP)—The sharp-shooting Vancouver Clover Leafs Friday night slammed a blistering 103-65 defeat on Regina Legion in the first game of the Western senior basketball semi-finals.

The British Columbia champions found the answer to Regina's poor defence in the first quarter when they jumped into a 26-10 lead. They stretched 43-27 by half time and to 73-49 by the end of the third quarter. They poured in 26 points in the final quarter as the Regina defence crumbled.

## Wilson to Pilot Calgary Purities

CALGARY, April 24.—(CP)—Lefty Wilson of Calgary again will pilot the Purities team in the Big Four Baseball League. Manager Harold Cundall announced Friday night.

Wilson, better known for his fastball ability than guileful diamond skill, ran up a fine record last year when he guided the Purities to third place in the regular league schedule and then swept to the league championship in the playoffs.

## Longden to Ride Plate Candidate

TORONTO, April 24.—(CP)—Jockey Johnny Longden who Friday set a North American race record riding his 2,000th winner will also be the Winnipeg colt Lord Fairmont in the King's Plate here. It was confirmed by the Ontario Jockey Club Friday night.

## Mrs. Sagner's Saggy May Upset Derby Dope

If the Kentucky Derby were a four and one-half furlong jaunt instead of the mile and one-quarter it is, Mrs. Stanley Sagner's Saggy undoubtedly would top the post at Churchill Downs, May 1, in the role of favorite.

The record books show that Saggy, in winning the Aberdeen Stakes as a two-year-old, sped over the four-and-one-half furlong distance in 1:34.3 seconds for a world mark.

For sure he's the speed horse of the year running of Col Matt Winn's classic.

Streples point out that Saggy is likely to find the longer Derby route too tough a test. However, the pride of Mrs. Sagner's stable, named for her husband, "Saggy" comes from a family of jockeys. His dam is the imported Chantreaux, a daughter of Hyperion, winner of the English Derby in 1933. Saggy's sire is Sway, and Sway, son of the noted Equusette. Saggy already boasts one 1948

Following is the way I think they will finish in the Kentucky Derby on May 1:

## Lane and Clovechok Sign With Cubs Baseball Nine

Two popular members of the Edmonton Flyers—Handy Andy Clovechok and Doug Lane—will swap hockey sticks and skates for hickory bats and gloves when "play ball" rings out at Renfrew Park May 14.

Announcement that Lane and Clovechok have signed contracts with Edmonton Motors Cubs came from sponsor Frank Wolfe Friday night. Both were members of Cubs last season.

**ON FIRST**  
Lane will again take over duties at the first sack, while Clovechok, who roomed to every position except pitching and catching, last season will be given a solid berth, probably third base this year.

A steady ball player, Clovechok had Brooklyn Dodger scouts on his tail while performing in the Vancouver city circuit during the 1946 campaign. However, due to his commitments to the Flyers, he was forced to turn down the offer.

He is expected to have a bang-up season with Cubs this year. Signed players in Henry Roche's league now number 16, eight Cubs and a like number of Eskimos.

On the dotted line for Esks are Ken Simms, Ed Morris, playing manager, Ralph Morgan, Frank Gonzales, Jerry Seaman, Jack McGill, Dave Brockie and Lefty Bell.

Doug Darrak is expected to be approached sometime Saturday.

Cubs have Doug Stevenson, an Eskimo last season, Doug Lane, Tony Chubb, John Galvin, playing manager, Andy Clovechok.

## 10 EDMONTON BULLETIN, Saturday, April 24, 1948

## CAMPBELL'S PRO PLAN BEFORE CAHA TODAY

TORONTO, April 24.—(CP)—A proposal to convert the Canadian Amateur Hockey Association to a professional body will be placed before the association's annual meeting Saturday.

"The matter has passed through the hands of the contract committee and will go to the 100 delegates at Saturday's session," CAHA President Al Pickard said late Friday.

He referred to a team-player contract plan proposed by President Clarence Campbell of the National Hockey League.

The NHL president, who Thursday proposed a team-player contract plan whereby the association would be stripped of its amateur standing, was scheduled to arrive in Toronto Friday.

First workout of the teams will be held (weather permitting) Saturday afternoon at Renfrew. All players who wish to try for berth are urged to attend. First ball will be batted at 2 p.m. About 15 practices will be held before opening day May 14.

Any club will be granted permits in the case of players who have transferred from any one branch another branch to the number of not more than four in the case of senior, and not more than two in intermediate.

Junior hockey was deleted from the proposal.

Another resolution, which was unanimously adopted, deleted the ruling whereby teams in unusual circumstances could obtain added player strength by direct appeal to the branch officials.

Junior hockey was deleted from the proposal.

Any club will be granted permits in the case of players who have transferred from any one branch another branch to the number of not more than four in the case of senior, and not more than two in intermediate.

Junior hockey was deleted from the proposal.

### Campbell to Test Races in Kelowna

KELOWNA, B.C., April 24.—(CP)—Sir Malcolm Campbell, famed British speedster racer, is ready to come to Kelowna, it was learned Friday.

He has informed a Kelowna friend, W. T. Sturt, that he is prepared to come as soon as his Bluebird II's jet engine goes through preliminary tests.

It is planned to have Sir Malcolm try for a world speedboat record on Okanagan Lake during the summer. A campaign to raise \$25,000 to finance the race is under way here. He can get an export permit for his boat, but is unable to take out sufficient funds from Britain.

## Ottawa Team Plans to Defy CAHA's Order

OTTAWA, April 24.—(CP)—Ottawa Senators, 91 veterans over Hamilton Tigers here Thursday night, boarded a train for their final eastern Canadian senior title in Toronto Saturday with sharp words for the Canadian Amateur Hockey Association.

Jim McCaffrey, Senator manager, said the team if it would not follow the order, of George Dudley, CAHA secretary-manager, to leave Toronto by train Saturday night for the western final.

"I'm not over yet, but as far as I am concerned, if we win in Toronto, we will go to Kelowna and won't leave for the west until Sunday night," said McCaffrey. He understood Tigers would have similar views about rushing off to Kelowna for the Allan Cup final against Edmonton.

McCaffrey was also touchy about what would happen in the event of a tie. Dudley had telephoned him during the third period of Thursday night's game, he said, and without asking the score, issued instructions to play no more than 10 minutes overtime in the event of a tie.

The trophy was just as important as Saturday's, and that the Ottawa club would play no more than 10 minutes overtime in the event of a tie.

McCaffrey was also touchy about what would happen in the event of a tie. Dudley had telephoned him during the third period of Thursday night's game, he said, and without asking the score, issued instructions to play no more than 10 minutes overtime in the event of a tie.

## Trample Taber 60-38 to Take Two Straight

Northern Alberta comes into its own in boys' high school basketball Friday night.

For the first time in the history of the provincial tournament the Alberta Basketball Association emblem of the championship, defeating the Taber Glaciers 60-38 at Garneau gym to take the best-of-three series in two straight games.

And the Vics accomplished the feat in a convincing manner, defeating the Taber Glaciers 60-38 at Garneau gym to take the best-of-three series in two straight games.

**RECEIVE TROPHY**  
Immediately after the match Vics were presented with the ARA Cup by Clare Hollingsworth, Edmonton cage official.

Vics presented a smooth-passing attack and appeared to have more finesse under the hoop than the Southern visitors. Taber had more break-aways, but the hard-checking Vics forced the Southern champions to hurry their shots and thereby cut down on their accuracy.

The Vics' shooting, paced by Tony Malachuk and Andy Kruger with 15 points apiece, outscored the Globe Trotters in every quarter to shake up their convincing lead. They led 21-17 at half time and were not in front 63-48 at the three-quarter mark.

Leo Miller came through with a spectacular 11 points and Della Anderson registered 10 for the Taber quintet.

Speed, spirit and a tricky feeder-system around the hoop brought victory for the Edmontonians. They had better understanding and when they scored the points generally came the easy way.

Vics were charged with 18 personal fouls and a technical and Taber had 13 personals chalked up against it.

The trophy was first won by Wrentham in 1929 and Raymond was the last holder of the crown. Taber-Hill T. McDonald 2, Anderson 1, Hardin 1, Boudreau 1, Fries 1, Bueh 1, Johnson 1, Total—38.

Victoria-Lightfoot 2, Loeck 2, Fokete 6, Malachuk 12, Kruger 12, Miller 11, Boudreau 1, Boudreau 1, Boudreau 1, Total—60.

**Stan Leonard May Enter U.S. Open**  
VANCOUVER, April 24.—(CP)—Stan Leonard, Marine Drive Club professional and probably Canada's best golfer, said Friday he hopes to enter this year's United States Open.

Leonard, a little guy with a long drive, finished second in the Brix Crosby invitational meet behind former N.E. open champion Lloyd Mangrum earlier this year.

To be eligible he must qualify in the northeast section. He needs 1,000 golfers to enter the open but only 171 are eligible.

The big tournament will be held on the Riviera course in Los Angeles June 11 and 12.

## John Longden Reaches 3,000

SAN MATEO, Calif., April 24.—(AP)—Johnny Longden, formerly of Taber, Alta., Friday became the first jockey in the history of racing in the United States to ride 3,000 winners. He brought home Bub in the fourth race at Ray Meadows.

As the veteran jockey—he has been riding 21 years—entered the charmed circle he was surrounded and congratulated by fellow jockeys. Photographers snapped his picture while the crowd cheered.

Longden, riding a second choice horse, charged into the lead in the stretch run and won by two lengths.

Longden was personally congratulated by William Kryn, general manager of Bay Meadows track. Kryn operated the track in Salt Lake City when the 35-year-old English-born rider rode his first winner in 1927.

Joe Cooper, one of the oldest trainers in the country, presented Longden with a red turtle-neck sweater which the immortal Tod Sloan had given him as a prize race at the old Emeryville track near Oakland in 1901.

Longden won his 3,000th win, Longden ran out of the money on favorites in the first and third races Friday. He won a stakes race at the old Emeryville track near Oakland in 1901.

# 'Slams' Learn About Power Too

## Chills Tough Nut to Crack

Art Chills, veteran netminder of Hamilton Tigers, is 40 years old. . . He showed in Edmonton two years ago when the Tigers dropped a 1-0 decision to Calgary Stampede in the last game of the 1946 Allan Cup series. . . Chills is unorthodox as they come, but a tough nut to crack on his good nights. . . Macbeth's Kentucky Derby nomination captured the Curling Canadian Cup at Garden State 10 days ago, returning \$17 and some change for a duce.

Harvey (Pug) Young and Bobby Corp, starry Ottawa Senators' big man, were teammates on a Navy puck squad during the war. . . Who says coaching doesn't pay off? Jack Sturdevant, hard-to-know right member of college and pro squads who died recently, left an estate valued at \$500,000. . . According to Doug Stevenson the best goal in hockey is 'Chuck Hayner'. . . Stevenson saw plenty of Hayner this season when New York Rangers sent the ace puck blocker to New Haven to get in shape following an injury; the move making it necessary for Stevenson, regular New Haven netminder, to sit it out for a number of games.

Among those supposedly getting ready to middle-able it before long are Bud MacPherson, big fly of the Flyer defense corps, and Don Smith, University of Alberta football coach.

## Bob Carse Returning in New Car

Bob and Mrs. Carse, who left Cleveland for California by car (a new one) following the close of the American Hockey League playoffs, are expected home late next week.

Terry Cavanagh, youthful Edmontonian who played a lot of hockey for Trail Smoke Eaters this season, is looking forward to an equally busy time of it when the ball-tossers begin working out in the Smoky Mountains. Season 1947 Cavanagh (a recent bridegroom, by the way) topped the local Junior League by a mile in the hitting department.

His mark was a .944 at the finish to give him more than a 50-point edge on Colin Kilburn in the runner-up slot. . . Intentionally Kilburn is to be given a thorough going over by the Smoky Mountain of the Big Four Wheel. . . The older fellows like his competitive spirit.

## Bathgate to Join Cubs

There's a reason to believe Bill Hunter, manager of Regina Cats, succeeded in getting Bernie Bathgate's promise to play in the Queen's Hotel and Casino on a recent scouting jaunt to the Pacific Coast. . . Bathgate is a pivot and a mighty handy one judging from reports. . . Tony Chulka, the little second-seeder who is returning to Cubs for the second season, paced the Big Four a year ago in the base-stealing line. . . On 40 occasions the mighty mile of the basepaths got there ahead of the throw. . . Chulka would hit the ballpayers' foot. . . If he could steal first base. . . Joe Braddish has been getting a few mounts at Bay Meadows.

Among the horsemen who will whip around the prairie circuit this year will be Lou Marler. The Kentuckian didn't come this way last season after being a regular for a long time. . . They say he still has the popular litigious in his string.

You can blame women's afternoon tea on the Duchess of York who started the practice in the early 19th century.

## Rookies Star As Brooklyn Belted 10-2

By STEVE ROBERTSON

NEW YORK, April 24. (AP) — When Billy Southworth took his Braves out of Philadelphia Thursday, he warned the rest of the National League against the Phillies, who had just taken two out of three from the highly-regarded Boston club.

Some of the clapping prophesied Ben Chapman's club would finish at high as sixth before the season opened, but Southworth called particular attention to the work of rookie Richie Ashburn and Dick Sisker as he pointed out the long-time cellar-dwellers might be dangerous this year.

Slams 2 HOMERS — Sisker, a St. Louis Cardinal cast-off, hit his second hit big league pitching, slammed two home runs and stole home on the front end of a double steal in the seventh that Dodgers often put themselves.

Other National League games saw St. Louis Cardinals hit Cincinnati 4-0 while Cincinnati Reds downed Pittsburgh Pirates 5-0 and New York Giants defeated the Braves 3-1.

In the American League Cleveland Indians became last year's beaten team in the majors as they drubbed Detroit 8-2 for the first time since 1937. Detroit Athletics dropped a 5-3 decision to the Yankees.

The Reds gave Ewell Blackwell his second win of the year, taking the lead with a two-run outburst in the seventh that chased Pirates starter Kirby Higley.

Kent Keltner, Cleveland's veteran third baseman, collected two home runs and drove in four as the Indians outlasted the Tigers 10-3 in winning their second game without a loss. Negro outfielder Larry Doby, before he was traded to the Yankees, hit for the first time since he was traded to the Yankees.

Mike Harris, who suffered from a left arm ailment, held the Yankees to four singles as Joe McCarthy led the Red Sox to victory against his old club, Boston, 4-0 in the only other game played.

Three THOU GUYS — There are two or three guys playing baseball right now who, if their hearts and love for the game weren't slightly colored, would be sitting in the stands.

One is a fellow named John Grodzki. The nerves of his right leg severed by a sharp blow in the game, John came back to try to regain his place in the game. Right now he has Houston.

A few days ago Leland Brisse, pitcher for the Athletics, beat Boston Red Sox. Brisse wears a plastic cast to protect a leg shattered in a bomb blast. He took a terrific blow on the shin of the left leg from a line drive and just kept on pitching.

Enos Slaughter was struck in the mouth by a thrown ball, suffered a badly sprained ankle in a slide, and was knocked cold for hours by a collision with a first baseman, all in one season. He missed the last seven games.

The idea is that platoon batters about zero runs don't even need to bat. The game is being played by prima donnas, although a few of them do a little slugging, at that.

## Baseball Practice

The CIO intermediate baseball team will practice at the CIO Stadium Sunday afternoon at 1:30 o'clock. A lot of the drill will be for work, Coach Lucien Tugan is calling for a good turnout.

## Annual Meeting

Annual meeting of the Greater Edmonton Bowling will be held in the clubrooms at 7:30 next Friday night. All members are urged to attend. A special invitation is extended to prospective members.

## Big Moments in Sport

25 Years Ago

From the Bulletin Sports Files

James Ramsey, president of the Edmonton Golf and Country Club, has donated 10 dozen silver king golf balls to be played for in a series of competitions throughout the season.

George Graham has returned to Edmonton and will play with the South Side football team, manager Tom Davis announced last night.

MUDDY WATERS of the Hocking River covering Ohio University's baseball field at Athens from three to six feet in depth, star pitcher Mark Wylie makes his move standing in a rowboat five feet above the box. The dugouts are submerged, water laps at the lower seats in the stadium. Only half of a 10-foot fence shows above water line.

## Prima Donnas Yell, But Not Ball Players

By Whitney Martin

NEW YORK, April 24. (AP) — There seems to be an epidemic of "this hurts me more than it does you" situations at this early stage of major league baseball competition. In fact, great pains are being taken by the boys, instead of the girls, to keep their heads down.

Some aces, some legs, some brats (physically speaking) of course and other geographical spots have the athletes grunting every time they move.

In the sore arm department we have three with the Dodgers (Eddie Stanky, Reese, Bruce Edwards and Jackie Robinson).

We believe the current wave of ailments gives the public the idea that ball players as a class have all the rugged qualities of a cocktail glass, and we think the idea is wrong.

THREE THOU GUYS — There are two or three guys playing baseball right now who, if their hearts and love for the game weren't slightly colored, would be sitting in the stands.

One is a fellow named John Grodzki. The nerves of his right leg severed by a sharp blow in the game, John came back to try to regain his place in the game. Right now he has Houston.

## Nick Metz Hangs Skates Up for Good

TORONTO, April 24. (CP) —

After a career of 10 years, Nick Metz, captain of the Stanley Cup-winning Toronto Maple Leafs, announced his retirement from the National Hockey League.

In his 10th season, Metz, 34, who played for the Leafs, St. Louis Blues, and New York Rangers, was named captain of the Toronto team.

Metz, who was born in St. Louis, Mo., played for the Leafs for the last two years of his career. He was named captain of the team in 1947.

## Barrie Favored In Junior Final

TORONTO, April 24. (CP) —

It's been 21 years since Port Arthur knocked at the door of the clutch which holds the Memorial Cup and although they're on the short end of the odds, the West End Bruins hope to fare better than their predecessors.

The Lakehead boys slipped through round-robin play Friday to learn that in 1927 a Port Arthur team won the Memorial Cup and although they're on the short end of the odds, the West End Bruins hope to fare better than their predecessors.

Toronto sport scribers who saw the Bruins beat Lethbridge last Wednesday night in the first game of the Western championship round last Wednesday, are almost unanimous in selecting Barrie to take the first game and win the round.

## Fastball Workout

Legionaires of the Senior Men's Fastball League, will hold a workout at the Prince of Wales Curling Lounge morning at 10:30. Coach Hank Barker tries all last year's players and others interested to sit in.

## Mafosta Seeking 4th Straight Win

SAN DIEGO, Calif., April 24.

(AP) — Mafosta, undefeated since winning at the current meeting, after his fourth victory Saturday at Bay Meadows in the 1/16-mile 800-yard San Fern Handicap.

The British-bred speed king, from the Mafosta stable of Vancouver, will carry high odds of 10-1 in the race which will have Johnny Longman up.

The race is regarded as a preview of the \$300,000 Bay Meadows race on May 1.

## Calgary Cagers To Play Toilers

CALGARY, April 24. (CP) —

Mount Royal cagers, Southern Alberta junior men's basketball champions, will travel to Edmonton by automobile Saturday where they will team with Edmonton "Y" players in the first game of a home-and-home, total-gal series for the Alberta Western title.

The series will begin Saturday at 8:30 p.m. Second game will be played next May 1.

## Bowling Meeting

City of Edmonton Lawn Bowling Association will hold its executive meeting in the Gairneaux clubrooms Tuesday evening at 8 p.m. All city cagers are requested to send one representative.

## MANAGER WANTED TO STOP FATAL BOAT

MILWAUKEE, April 24. (AP) — Sammy Aaronson, co-manager of Bert Lytell, the fighter whose blows resulted in the death of young Jackie Darthard, says he is turning in his manager's license.

Aaronson, a New Yorker, has been a manager 27 years. He claims to have the biggest stable of fighters in the business—more than 300 boxers.

The reason I am doing this, Aaronson said Friday, "is that I am almost sure if the fight between Jackie Darthard and Bert Lytell, the fighter whose blows resulted in the death of young Jackie Darthard, were to be continued, Lytell would win."

Darthard, a promising 18-year-old from Kansas City, collapsed at the end of the sixth round of his bout Wednesday with Lytell. He died of a brain hemorrhage less than 12 hours later. He previously had fought a round draw with Lytell, ranked third in the lightweight division by the NBA.

Aaronson said "it is a little bit of a coincidence that I have been overlooked, the fight might have been fought the way I did."

He explained that after Darthard had been floored twice in the third round by body punches, he cautioned the younger was sick.

Despite the rule forbidding a second from coaching or yelling from a fighter's corner, Aaronson said he "called the referee to stop it."

A boxing inspector then cautioned him about the yelling, the manager related.

If he had been allowed to interfere, Aaronson declared, the bout might have been stopped.

## HYPNOTISM BANNED AS CHILDBIRTH AID

BIRMINGHAM, England, April 24.—(CP)—Hypnotism as an aid to painless childbirth has been forbidden in confinements attended by members of the Royal College of Midwives, officials of the college said.

"We think it is wholly undesirable," said Miss Mary Carpenter, education officer of the college, who has organized a post-graduate school for midwives at Birmingham University. The Royal College of Obstetricians and Gynaecologists have also refused to recognize it as a satisfactory form of treatment at a confinement, she added.

### WRONG TREATMENT

Prof. Hilda Lloyd, professor of obstetrics at Birmingham University, said: "It would be quite wrong to allow hypnotism to be used at any confinement."

"We must apply scientific and

medical ideas to the subject, not pseudo-magic."

Two London women have given birth to babies during the last few weeks while under hypnotic treatment by Dr. A. P. Mazonet, a young doctor from Glouc. Dr. Mazonet describes himself as a "hypnotic therapist" and says his treatment is "simply a matter of talking to the subconscious mind while the patient sleeps."

The British government proposes to spend millions of dollars developing the edible oil industry in Australia.

## ARMY STRENGTH BELOW NEEDS

OTTAWA, April 24.—(CP)—Army strength at April 15 was 16,168, about 400 short of the immediate authorized strength. The 16,168 figure compares with 15,469 at March 30.

Army officials said yesterday in a statement that there will be no drop in the current recruiting drive. They expressed satisfaction with the enlistment rate but stressed again the army's need for recruits in all corps.

Actual authorized strength is 26,320, subject to a provision that it not exceed 26,079 for the time being.

### Annual Regatta

TORONTO, April 24.—(CP)—The second annual "Royal" Yacht Club regatta will be held at Kenora, Ont., Aug. 5-7, it was announced by E. A. Nanton, commodore of the Royal Yacht Club of the Wood Lake Club.

## Govt. May Extend Crop Failure Aid

### Minister Indicates Meetings To Be Held in West Canada

OTTAWA, April 24.—(CP)—Agriculture Minister Gardiner told the Commons last night steps may be taken this summer to extend crop-failure compensation to those western municipalities not covered by existing legislation.

Debate on a bill amending the Prairie Farm Assistance Act, he indicated he expects to meet with provincial and municipal authorities after the house rises this June.

The meeting probably would be in Western Canada.

He said something probably could be done if it could be arranged for the provinces and the municipalities concerned to

make contributions to a fund to provide the crop-failure payments.

Payments now are made under the act only to farmers living within a designated drought area covering the three prairie provinces and within a township where all farms have suffered failure.

The amending bill brings new areas under the legislation.

The measure was given second reading—approval in principle—after Mr. Gardiner spoke.

### BILL ADOPTED

Later the bill was adopted. Debate on the measure was interrupted for an hour after the dinner adjournment while CCF members continued their filibuster against a measure that would increase capitalization of the Bell Telephone Company of Canada from \$150,000,000 to \$500,000,000.

In the PFAA debate Speaker Gaudet Fautoux ruled out of order a CCF amendment. It urged that the act be extended to all specialized crop areas in Canada, that benefits be increased and that compensation be paid on the basis of individual farms.

Dr. Fautoux said adoption of the amendment would mean the expenditure of public money. A motion of this type can move only by a cabinet minister.

### NOT SUFFICIENT FUNDS

Mr. Gardiner noted that suggestions had been made that contributions to the PFAA fund should be according to the area covered. This, he said, could not be done because it would not raise sufficient funds to take care of losses encountered through crop failures in the various sectors.

Some members had suggested establishment of a national crop-failure fund. The federal treasury would pay 50 per cent and the farmers 50 per cent into a common fund. But, he said, the treasury already was paying two-thirds of the money in the PFAA fund—a larger amount than was being suggested for a crop insurance scheme.

The CCF amendment was moved by Hazen Argue (CCF-Wood Mountain).

### NATIONAL CROP INSURANCE

Mr. Argue's action came after several members had expressed their views on the question of a national crop insurance policy. While CCF members favored such a policy, Liberal and Progressive Conservative supporters expressed belief it would be too costly.

Speakers in the debate included Hene Jutras (L., Toronto); J. A. Ross (PC, St. John's); J. C. Miller (PC, Portage La Prairie); John Diembaier (PC, Lake Centre); and F. S. Zaphin (CCF, Dauphin).

T. L. Church (PC, Toronto-Broadview) obtained first reading of two bills. One would tighten the laws dealing with motor accidents. The other would provide the imprisonment of anyone under 18 years of age. The second measure would permit grand juries and members of parliament to inspect penal institutions.

## Lakehead Ships To Be Picketed

PORT ARTHUR, April 24.—(CP)—The Lakehead local of the Canadian Seamen's Union has made preparations to picket ships in all companies which have signed crews who are members of the rival Canadian Lake Seamen's Union, Cyril Lenton, business agent for the local, said yesterday.

"We maintain this is a lockout of men from a certified union," he said. "Our members will meet ships and endeavor to persuade the crews to walk out."

Mr. Lenton said that by persuasion he did not mean violence. It would be peaceful picketing. Any departure from this course would mean instant expulsion for the guilty parties.

## Demurrage Claim By Canadian Ship Owners Disallowed

LONDON, April 24.—(CP)—The high court of justice yesterday dismissed a demurrage claim by Canadian ship owners against the British Ministry of Food.

The Aramont Navigation Company claimed demurrage on the ground that the period allowed for loading a company steamship, chartered by the food ministry, was exceeded. The company claimed that part of the wheat cargo had been placed in bags, thus causing the delay.

Justice Frederick Sellers, in dismissing the claim, said that after the cargo had been delivered by the charterer, it was the ship owners' duty to allow it aboard.

Aviaries are said to have been first used by the Romans who kept birds in their huge patens.

## Disasters in Mines May Be Caused by the Weather

By Frank Carey

WASHINGTON, April 24.—(AP)—Mine disasters may be caused by the weather, a Pennsylvania scientist said yesterday.

Dr. Charles L. Holsler of Pennsylvania State College told of research which "strongly" indicates a relationship between the occurrence of coal mine explosions and the pressure changes accompanying certain weather situations.

He said the research shows the feasibility of forecasting periods of dangerous accumulation of combustible gas mixtures in coal mines. Holsler said his conclusions were based on a study of weather conditions preceding all 41 major mine explosions in the United States during the last 12 years.

### 725 MEN KILLED

Those disasters—including such catastrophes as the one at Centralia, March 25, 1947—killed 725 men. Records of weather stations close to the explosion sites seem to indicate, Holsler said, that, in general, mine explosions "occur when the barometric pressure is low."

He said explosive gases come from spaces between layers of coal. They also are being produced constantly by chemical changes within the coal itself.

They escape slowly from some Nova Scotia House Prorogues Today

HALIFAX, April 24.—(CP)—The Nova Scotia legislature rose early today after a marathon sitting in which they studied and gave bills reading to 80 bills. The house was adjourned until 11 a. m., when it will meet for a prorogation session.

Most important of these are a bill designed to allow open sale of beer and wine in Nova Scotia and another to increase the membership of the assembly from 30 to 37.

### Child Found

SOOKE, B.C., April 24.—(CP)—Three-year-old Theresa Edly, who had been missing from her Vancouver Island home near here all night, was found by searchers yesterday. She was none the worse for her night out.

## CITY COUNCILS WILL BACK YELLOWHEAD ROUTE

### LACK CAR LICENCES, 30 GET SUMMONSES

Get that license and get it fast. Friday summonses were going out from city police to more than 30 motorists. Reason being that they had neglected to get either new car licenses or drivers' licenses. More than half those picked up are summonsed for no car licenses. Sergeant Albert Woodward, head of the traffic department, also warned that vehicles not carrying license plates at both back and front may be stopped and a summons sent to the driver. Many cars he said are being operated with only one plate in sight—this is a breach of the law.

### Trans-Canada Highway Group Gets Assurance

Northern Alberta municipal councils will give every support to the Yellowhead Pass route the Edmonton committee of the Trans-Canada Highway System Yellowhead Route Association was assured Friday at a meeting held in the civic block.

J. A. Christensen, chairman of the Edmonton branch, will address a meeting of the Edmonton Union of Municipal Districts at a luncheon at the Corona Hotel Monday. He will outline the advantages of the proposed route.

Provision of suitable banners advertising the advantages of the route for distribution to rural districts was suggested. The publicity committee was asked to report on this proposal.

Many other suggestions to give greater publicity to the campaign were discussed, and the executive will examine the possibility of having speakers address service clubs and other organizations. E. T. Love, secretary T.C.H.S.A., was invited to examine the possibilities of circulating newspapers along the route, and also to solicit cooperation of radio stations.

Further report was requested from the publicity committee on a proposal to distribute Yellowhead route stickers, and also with regard to obtaining co-operation of business firms to use envelopes displaying a map of the proposed route on the reverse side.

**PLEDGES SUPPORT**  
David Roberts, president of the South Edmonton Canadian Legion branch, pledged the support of that body for the route.

The following were named in the executive of the Edmonton branch: W. Haverlak, Harry Boyle, G. J. Kettle, H. O. Partridge, and Fred J. Mitchell. Other ex-officio officers are: Mr. Christensen, Doug Hornum, vice-chairman of the Edmonton Committee, and J. H. Fulton, chairman of the publicity committee.

The Edmonton branch of the Alberta Motor Association will be invited to name a representative to the general committee.

# Mrs. Cyril Kenway Entertains At Trousseau Tea For Daughter

Multi-colored anapdragons decorated the home of Mrs. Cyril Kenway Friday afternoon and evening when she entertained at a trousseau tea in honor of her daughter, Ruth Kenway, whose marriage to Arni Halderson will take place April 25.

To receive her guests Mrs. Cyril Kenway wore a blue dress complemented with a coral bow. Miss Kenway was frocked in a coral colored dress complemented with a corsage of pink carnations.

During the afternoon Mrs. T. H. Field, Mrs. Percy Page, Mrs. J. Hutton and Mrs. H. Thorne presided at the tea. A table set in lace and centered with a bowl of carnations flanked by green and yellow tapers.

Beryl Swinge, Norma Bentley, Ruth Stevengh and Mrs. J. Hall Jr. assisted in serving. Showing the trousseau were Joy Kenway and Joyce Kenway, both dressed in coral. In the evening Mrs. Stewart Huff and Mrs. T. E. Seal posed like, while Mrs. Alec McCaulay, Mrs. Stan Carter, Mary Douglas and Lillian Young assisted in serving.

## Hospital Holds Public Tea For Graduating Nurses

In honor of the nurses' graduating class of the McLeod-Hospital, members of the hospital auxiliary will entertain the public at a tea Sunday from 3 to 6 p.m.

Miss E. Field, Mrs. G. A. Thibault, Mrs. T. J. Barbeau, Mrs. C. B. Hill and Mrs. M. Weiland, who received the tea, will be guests of honor.

Mrs. Irene Hawke, Mrs. W. Schlader, Mrs. Lucien Maynard, Mrs. J. McDonnell, Mrs. Paul Poirier, Mrs. C. B. Kelley, Mrs. A. MacLae, Mrs. Hugh John Macdonald, Mrs. Richard Porter, Terry Hague, Miss K. McGrath and Mrs. T. J. LaFleche will preside at the tea.

In charge of the tea-table will be M. H. Cunliffe, Mrs. L. O'Brien, Mrs. W. J. Condon, Mrs. G. Pepin and Mrs. D. M. O'Brien.

Mrs. M. Turgeon will be in charge of the musical program.

## U of A Students Leave For Homes

With examinations nearing completion at the University of Alberta students will soon be leaving for their homes throughout the province.

During the week-end and throughout next week many co-eds will be returning to Calgary. Among those leaving will be Sharon Sprung, Lois Hill, Lois Porter, Doreen Porter, Sue Sauer, Elaine Brown, Joan Arnold, Eleanor McDonald, Shirley Hooke, Betty Ragg, Doris Gale, Phyllis Fitch, Elizabeth Cook, Katherine Dickie, Sybil Johnstone, Adair Wheeler and Marion Robertson.

Still other students will be returning to their homes in various parts of the province. Myrnie Sands will return to Westlock; Betty Hood, Okotoks; Evelyn Taylor, Pincher Creek; Maxine Stettler; Isabel Taylor, Red Deer; Nancy Allen, Lamont; Peggy Blundell, Georgina Yale and Audrey McDonough, Wetaskiwin.

## Many Hostesses Entertain Rhoda Lawrence

Many hostesses have entertained in honor of Rhoda Lawrence, a spring bride-elect.

Mrs. B. Blanchard and Colleen Moore were co-hostesses at a miscellaneous shower recently in Miss Lawrence's home, when the gifts were presented in a decorated wishing well.

Mrs. S. J. Moore presided at the tea, while Evelyn Allyn assisted in serving.

On another occasion Mrs. Winnie Trotter entertained at a kitchen shower in honor of the bride-to-be. Ten guests were present.

Audrey Gordon was a shower hostess when she entertained to honor the bride-elect. Gifts from the 12 guests were presented to Miss Lawrence in a decorated basket.

Complimenting Miss Lawrence, Mrs. E. Johnston and Mrs. M. MacDonald entertained at a shower recently. The bride-elect was presented with gifts from the 15 guests.

What friends and tea will be held in the Empire Room of the Hotel-Grand, where the bride-elect, Mrs. D. H. Lind, was a recent shower hostess.

Guests included Mrs. V. Greenway, Mrs. L. Muel, Mrs. M. Collins, Mrs. J. Walker, Mrs. M. Jovet, Mrs. W. Jovet, Mrs. J. Scott, Mrs. C. Smith, Mrs. D. Heston, Mrs. C. Sims, Mrs. J. Harkness, Miss L. Maxwell, Miss J. Phillip, Mrs. E. Heston, Mrs. D. Fitch, Mrs. L. Findlay, Miss J. Bean, Miss Holmwood and Mrs. D. Wilson.

Mr. and Mrs. Doreen C. MacFarland, of Brooks, announced the engagement of their daughter, Mrs. Josephine MacFarland, to Mr. F. L. William Arthur Betts, son of Mr. and Mrs. William Betts, of Cardston. The wedding will take place in the Anglican Church, Brooks May 24.

## League Donates \$2,000 to Fund

Donation of more than \$2,000 has been made to the Cancer Research Fund of Canada by the Canadian Daughters' League across the Dominion.

This was announced at the recent annual provincial meeting held at Merceul.

National convention will be held in Jasper June 21, 22, 23.

Mrs. T. Gerardi, Cadmus, was elected provincial president at the Merceul meeting.

Other officers elected included: Mrs. L. Simmonds, Merceul, first vice-president; Mrs. C. Emley, Edmonton, second vice-president; Mrs. M. Ward, Edmonton, secretary; Mrs. O. Power, Edmonton, treasurer; Mrs. M. Shand, Edmonton, chaplain; Mrs. M. Duncan, Jasper, organizational; Mrs. H. Krinke, Edmonton, sentinel; Mrs. A. Gray, Edmonton, historian; Mrs. J. Walker, Jasper, pianist; Mrs. F. Cheney, Cadmus, press correspondent.

# VON Celebrate 50th Anniversary in Ottawa

400 Delegates From Across Canada Attend Two-Day Meeting, Celebration

OTTAWA, April 24.—(CP)—A giant birthday cake will highlight the Victorian Order of Nurses' Golden Anniversary here next week.

Close to 400 delegates from across Canada will attend the two-day annual meeting which marks the completion of the order's 50 years of service to Canada.

And winners in the VON's nation-wide picture and poster contests will attend to receive their prizes in the course of the convention.

Florent Fourrier of the School of Graphic Arts, Montreal, has been announced winner of the 50 first prize for the best poster. His entry won the top award in a contest which included more than 30 entries.

Elmer Irwin of Gananquoque, Ont., will receive the \$25 first prize for the best picture.

Another cash prize in the contest will go to Miss Lila Johnson of Trail, B.C.

In the course of the convention VON nurses will meet for a round table conference to discuss problems of health and welfare, development and maintenance of effective co-operation with other community voluntary welfare services. Also marked as one of the topics on the agenda.

Also marked for discussion is the shortage of nurses which has seriously hampered VON work these last few years.

Techniques developed during the war have enabled manufacturers to cut the amount of tin used in making cans by 40 per cent.

# Atomic Weapons Aim of Commission

Production, Improvement  
Is No. 1 Job of Group

By Clyde Blackburn

WASHINGTON, April 24.—(CP)—Production and improvement of atomic weapons remain the No. 1 job of the United States Atomic Energy Commission.

Provision of aircraft, operational bases and guided missiles to permit use of atomic weapons in any potential trouble spot is the current task of the congress and administration.

Congress has given the AEC \$175,000,000 and authority to set \$400,000,000 in contracts in its 1948 operations.

About 80 per cent of the money and effort of the AEC now is going into production of bombs and experiments to improve atomic weapons.

The remainder of money and effort is applied to research into commercial and scientific uses of atomic energy and already an important contribution has been made to science and medicine.

This latter is in the manufacture and free distribution at home and abroad of isotopes—radioactive elements—which may be used in scientific investigations and medical treatments.

**COBALT PROCESS**  
At the moment the commission is perfecting a process whereby cobalt may be radioactively to serve in the same manner as radium in the treatment of cancer.

Production of atomic energy for commercial purposes, the AEC believes, may be 20 years distant, and may well proceed faster in some other country more desirably in need of a substitute for hydro or coal-produced electric energy.

This is the picture put together from piecemeal reports of officials in the most closely-guarded operation of the United States government.

It is likely to remain the picture so long as the current state of uncertainty of world peace continues, and so long as the AEC refuses to go along with proposals for international atomic control.

Canada, the United States and United Kingdom, co-producers of the atomic bomb, offered Nov. 14, 1945, to share the secret with other powers.

The United Nations set up a com-

## HORSES DROWN, FAMILY SAVED

BROOKS, April 24.—(CP)—Despite the loss of two horses, farmer J. Smith of the nearby Rosemary Alta, district considers himself a lucky man.

While driving to Rosemary with his wife and two children, his team fell through a flood-weakened road allowing bridge and was drowned. He and his family escaped injury.

Commission to work out a form of international control Jan. 24, 1946, in London. All plans suggested excepted to establish a system of inspection to prevent any one country from developing the atom.

**RUSSIA WILL NOT AGREE**  
Two years of effort in the commission has brought failure. Russia will not agree to inspection and counters with a preliminary condition to agreement—the immediate destruction of all atomic weapons.

Gen. A. G. L. MacNaughton, Canadian member of the commission, recently admitted that failure to agree must be accepted but held out optimistic hopes that Russia would eventually come to terms.

From information available here there has been no improvement in the bomb dropped on Hiroshima in 1945. Research efforts have been directed to making fuller use of the explosive possibilities of the atom.

Last week United States authorities announced that new tests had been made at Eniwetok Atoll, the atomic proving ground on the South Pacific.

Results have not been made known and may not be. Presumably they had to do with smaller, less expensive but more destructive weapons—the current objective of the AEC.

## Flow Bordered Terrace Beautifies Modern Home

Few flowers thrive in the shade, and sunshine is also good for you. Modern houses are designed for sunny surroundings, with terraces open to the sky replacing roofed porches, and flower borders grow where formerly garages would shade the house and make it impossible for flowers to live.

In the home grounds, as on the beach, shade can be provided by the garden, umbrellas, or by awnings. In the latter case, when sunshine is desired, one need not go to the country to enjoy it, if the garden is planned to suit the house and garden.

Modern houses do not require shrubbery planting close to them, the few exceptions are set back, with the main floor close to ground level. Planting in front wall, the effect is making low, and evergreen near the house.

For best effect care should be taken in the choice of plants. The sun-frenched terrace is surrounded by flowers making a ideal frame for a one-story house, as shown in the illustration. A low wall topped by flower boxes rising a foot or more, but never higher than the window level, can easily be constructed. At the base of this wall a border of flowers can be grown from seed boxes directly in the ground. Flower boxes at the windows complete a decoration, which will make any house a show place.

Such a planting adds to the apparent size of the house, and when a picture which will be enjoyed as much by the house occupant as by the passerby.

# Science Has Three Drugs To Fight Hay Fever in 1948

By Paul F. Ellis  
NEW YORK, April 23.—(UPI)—Science has three drugs to aid hay fever victims this year.

The newest of these is antihistamine, which in recent tests has shown to have fewer bad side-effects than the other two—benzadril and pyribenzamine.

Dr. Martin R. Kleckner, Jr., a fellow at the Mayo Foundation, reporting in the current issue of the *Annals of Internal Medicine*, official publication of the American College of Physicians, reported on his findings.

The three drugs at the University of Chicago, Chicago, Ill., were particularly favorable for observing cases of hay fever, asthma, and various perennial allergic manifestations, as the drug is located on a large plateau of sand and desert weeds, and because of the continuous activity of the wind, pollen, dust and animal emanations are widely disseminated throughout the countryside.

The hay fever season is divided into three parts—spring, summer and fall.

Dr. Kleckner said that indeterminate use of benzadril, pyribenzamine and antihistamine "should be discouraged because of the severe side reactions encountered, particularly with benzadril and pyribenzamine."

He said that further studies of all three drugs should be made.

He found that benzadril and pyribenzamine both were more potent than antihistamine, but each had disadvantages. In that they caused drowsiness. He found that antihistamine, while a weak agent against the so-called histamine (believed to be the villain that

causes allergy) was effective in treating hay fever, running noses and the like.

Antihistamine, he reported, has an "outstanding quality" in that it appears to prevent releases in histamine and skin rashes due to histamine activity.

He reported that the patients under study were military personnel, laborers at the depot, or civilians living in the area. About 170 persons participated in the test, the average time being 30 days.

Antihistamine, he reported, has an "outstanding quality" in that it appears to prevent releases in histamine and skin rashes due to histamine activity.

He reported that the patients under study were military personnel, laborers at the depot, or civilians living in the area. About 170 persons participated in the test, the average time being 30 days.

He found that benzadril and pyribenzamine both were more potent than antihistamine, but each had disadvantages. In that they caused drowsiness. He found that antihistamine, while a weak agent against the so-called histamine (believed to be the villain that

causes allergy) was effective in treating hay fever, running noses and the like.

## Edmonton Dog Show Date Set Sept. 10-11

CALGARY, April 24.—(CP)—Dates for the 46th and 47th annual Alberta Kennel Club Dog Shows have tentatively been set for Sept. 10 and 11. It was learned yesterday that the show is scheduled to hold 500 shows Sept. 6 and 7 and Edmonton Sept. 10 and 11.

The department ordered 90 fewer tons of paper for its 1948 money-printing job than the 3,500 tons ordered for 1947. It also asked bills on only 130 tons of paper for printing government debt securities next year compared with the 287-ton 1948 order.

## Guide to Home Builders

### THE PERKINS

Homes of Moderate Cost

Plan 1—1250 Cubic Feet  
Garage addition for either of the above plans 2200 Cubic Feet.  
Although only four rooms in plan, the efficient kitchen layout makes this home equal to one of five rooms.  
The Edmonton Bulletin's new, modern home book, "Homes of Moderate Cost" is available by mail, postage paid \$1.00 each—or at the Bulletin Office.

### No Compromise in Salary Demands

SAINT JOHN, N.B., April 24.—(CP)—Saint John school teachers, 223 of whom have decided to resign at the end of the present term, announced they would accept no compromise in their salary demands.  
Dispute with the city over salaries led to decision of the teachers' union in June. There are 30 teachers in the city.  
They are asking a new salary scale in which teachers with one

### Scholarships Won

CALGARY, April 24.—(CP)—Two Calgary high school students, Burke Titterton and Brian Knight, last night won scholarships, enabling them to attend a five-week health and recreation course at Red Deer scheduled for July and August.  
Burke, a senior, won a \$500 scholarship for his excellent record in sports. Brian, a junior, won a \$200 scholarship for his excellent record in sports.

## Electrical Age Is Present Era

Numerous Uses to Be Found In Almost Every Home

By Bert Nightingale

When all the scientific and chemical advances that have been—and are being—made in these years are taken into up, there is every reason to suppose that historians of the future will look back on the present time as the "Electrical Age."

The term fits! There is hardly a home, or a shack, anywhere in the country today that does not feature, in some way or other, at least one benefit of the development of electricity. And in most homes, certainly in the average home, electrical appliances can be counted by the dozens.

This is a particularly important factor that must be taken into consideration by every home-builder. For not only must he make adequate provision for the electrical appliances he possesses now—he must give consideration to the much greater demands of the future. Above all, this means a wiring capacity great enough to properly carry for the needs of tomorrow.

Have plenty of electrical outlets in your new home. A wire is simply a pipeline for electricity. Like a water pipe, each wire can conduct only so much current to use heavy gauge wire for electricity. Like a water pipe, each wire can conduct only so much current to use heavy gauge wire for electricity.

**CABLE OUTLETS**  
There should be at least one outlet for every 12 feet of linear wall space in each room. For working spaces you should have three outlets, over kitchen counters, break-fast room, table, workshop in basement, laundry, ironing board and so on.

Provide special outlets for equipment you know you're going to put in either at once or soon, such as a home freezer, attic ventilator, fan, clothes dryer, etc. (Include in your calculations regarding future electrical demands at your home.)

**PLUG-IN STRIP**  
Handy—the so-called plug-in strip, hand—is the so-called plug-in strip. This runs along the baseboard of a room, enabling you to plug in anywhere along its entire length. Just plug in the electrical plug and you are done.

Plenty of switches are important too—and are available now completely silent. Various types of household includes infant children, not to be awakened at the crack of a noisy switch when fond parents take relatives in for a look.

Again, it is possible to install master switch just inside the front door which will turn on a number of lights—handy when you're coming home at night to find a good idea too for any section of the house where they will avoid the necessity of walking in the dark.

**MASTER SWITCHES**  
Some people are now putting master switches in their bedrooms to enable them to turn on outside and some inside lights if unexpected late company arrives.

If the garage is not attached to the house, have a two-way switch between the house and garage to turn on outside lights located either at the garage or at the house or both. It's a good idea to have one or two exterior outlets grouped at Christmas lights and for outdoor use.

Next thing in lighting is in—

## Summer Uniforms Army to Adopt On May 17 Here

OTTAWA, April 24.—(CP)—Climate conditions permitting, the army preamble to an order for the wearing of summer uniforms.  
Climate conditions permitting, summer uniforms will be taken into use in Western and Central Canada (British Columbia, Alberta and Ontario) on May 17, in Prairie Provinces (Saskatchewan and Manitoba) on May 21, and in Quebec and Eastern Canada on June 1.  
Soldiers at headquarters in Ottawa are governed by a special rule: they may don summer dress May 3 if they wish—later June 1, they have no choice.

## Basic Wage Rate Tops for Industry

SAULT STE. MARIE, Ont., April 24.—(CP)—David S. Holbrook, vice-president of the Algoma Steel Corporation, said last night the 12-cent-an-hour wage increase offered the firm's 5,000 employees would make the basic wage rate here the highest in the Canadian steel industry.  
Local 293 of the United Steelworkers of America (USWA) rejected the offer on grounds it did not include provision for paid statutory holidays.  
Mr. Holbrook said addition of the 12-cent an hour in the present basic rate of 83¢ cents would bring basic hourly pay to 95¢ cents—May 3 if they wish—later June 1, they have no choice.

## Australia to Pass Wheat Accord Bill

CANBERRA, April 24.—(Reuters)—Prime Minister Chifley of Australia said yesterday his government had passed the bill ratifying the international wheat agreement, ratifying of which before the house of representatives has been adjourned until June—would be passed. The agreement fixes maximum and minimum prices and import and export quotas for the next five years.

## Man's Body Found

CALGARY, April 24.—(CP)—Body of Jack Everett Lee, 36, was found in a basement room of a Calgary home last night. Police said the body had been dead for several days and that no request would be made.

1. For roofing and siding Kaiser Aluminum Roofing gives you life-long service without maintenance or repair costs. Not a substitute for wood shingles. Can be applied over wooden siding or framework.  
2. Feed and water troughs can easily be made right at home with Kaiser Aluminum Roofing. Not a clad or veneered material. It is plain, strong, and durable. Can be applied over wooden siding or framework. It won't rot, rust, or corrode.  
3. Grain bins of Kaiser Aluminum Roofing are fireproof. Properly applied Kaiser Aluminum Roofing stands up for a lifetime against wind, rain, steel, snow.  
4. Fruit drying trays are natural for Kaiser Aluminum Roofing. One sheet makes a strong tray. Easy to handle, too, due to the lightness of aluminum.

## Build now with this light, strong long-lasting Aluminum Roofing

Here is quality aluminum roofing. Not a substitute for any other structural material. Not a clad or veneered material. It is engineered especially for farm construction.  
Kaiser Aluminum Roofing requires absolutely no maintenance. It need never be painted, and you can't scratch it to match.  
Kaiser Aluminum Roofing and Siding now available.  
We have just received a carload of this Aluminum Sheeting—corrugated and "V" crimp 24" and 18" corrugation. Sheets range 26" width, 12' length.

## Tory Blasts Defence Chief

OTTAWA, April 24.—(CP)—Defence Minister Claxton was bluntly told in Commons yesterday that "things would be a lot better in this country" if he would spend more time looking after defence matters.

The statement was made by John Diefenbaker (PC-Lake Centre) who "reacted" to statements made by the minister in a radio speech Thursday night. In the speech, Claxton said the "trivial and unimportant" nature of the opposition took up 40 per cent of parliament's time. Diefenbaker described the minister's remarks as "silly Claxton."

It was the duty of the opposition to criticize and to suggest changes in things which it believed were wrong.

"It must criticize where it believes things are wrong and need offer no apologies for so doing," said Diefenbaker. He said he resented Claxton's remarks and then added:

"If he would spend more time looking after the defence of this country than in criticizing those who are endeavoring to do it, things would be a lot better in this country."

The young shoots of some species of bamboo can be cut, cooked and eaten like asparagus.

## Private Secretary Is First Ousted In British "Purge"

LONDON, April 24.—(Reuters)—First civil servant to be suspended under the British government's recently announced anti-Communist "purge" is Miss Ann George, assistant private secretary to Education Minister George Tomlinson, it was reported yesterday.

Miss George is understood to have received notification 10 days ago that the minister had decided

there was a prima facie case for considering that she was a person whose reliability for employment on secret work was open to suspicion.

In a letter to the ministry asserting her loyalty, Miss George refused either to admit or deny that she was a member of the Communist party.

## Nineteen to Die

ATHENS, April 24.—(AP)—Nineteen persons, eight of them women, were sentenced to death yesterday for espionage and helping guerrillas.

## Brothers Cleared On Damage Charges

CALGARY, April 24.—(CP)—Charges of damage to property, laid against John and James Roberts, Winnipeg brothers, were withdrawn in police court yesterday on payment of \$5 court costs.

The brothers denied having broken some fixtures in the room in which they were staying, but agreed to assume responsibility for damage done during a party there. The party took place Wednesday night.

A few hours after Johnny had threatened Tommy Deschambeault of Calgary as Winnipeg Canada writer, weight champion.

CALGARY, April 24.—(CP)—Funeral services will be held Monday for Morris Judson Martens, 25, president of the Calgary district since 1906, who died suddenly Thursday. Survivors include a son, Howard Clifton, Rossland, B.C., and a daughter, Mrs. James Dehnbach, of Vancouver.

## Strikes Paralyze Singapore Port

SINGAPORE, April 24.—(AP)—The great port of Singapore was paralyzed yesterday by a 24-hour general strike. The stoppage, called to protest police raids on union premises and arrests of union leaders, involved about 5,000 workers, it was said.

The general strike was called by the Singapore Federation of Trade Unions, claiming to represent 5,000 laborers.
